ANNUAL REPORT
of the
TOWN OF ALEXANDRIA
NEW HAMPSHIRE

For the Year Ending
December 31, 1992

FOREWARD

During 1992, the town hall was made more accessible to the handicapped by the addition of a ramp across the back of the building. This could not have been done without the generosity of Pearl Tucker who donated to the town a small piece of land on which one corner of the town hall rests and a ten-foot strip adjacent to the hall which was needed for the ramp. We thank Pearl for helping us and also Leo Corliss who made sure the transaction took place beneficially for all.

A similar kind of problem occurred when the Mundy tract was surveyed. The ownership of a one-acre piece was not established by the survey. Katie Bennett very graciously settled the matter by quit-claiming to the town any rights she had in that acre. We thank her for her help.

This year the Warrant contains articles which can have a strong impact on the future of the town. Your Board of Selectmen and Budget Committee agreed that we need a town meeting discussion to help us channel our efforts and utilize our funds in a way that will lead to the kind of future which we all want for those who follow us.

Article 7 asks whether the town wants to provide funds to improve the road over the hill to Bristol. We know that the cost of paving roads, which will last, is high. We also know that the cost of maintaining them, so that they will last, is also high. Direction from the town is needed so that we can do as you wish.

In 1992 the town police operated on a budget which was too low to cover routine police business. This year there are more and more calls for help coming in to the police, and those calls cannot be ignored. We have to pay for the increased police activity, which we require.

Both the Highway Department and the Transfer Station operated effectively and economically last year. We still have a long-range need to relocate them and keep them operating efficiently. This should be done carefully so that we get good, cost-effective results even if it takes longer than we would like.

FOREWARD - continued

What to do about the maintenance of the town hall and our town offices is another question which should be considered with the future in mind. The building functioned satisfactorily during this century as a Selectmen's office, but it is inadequate for the Selectmen, Police and Tax Collector/Town Clerk. It is clear that this is an area where we should prepare for the next century. In order to make the transition in a way that is cost-effective for the town, and far-sighted enough to allow healthy growth, it will probably be necessary for us to use the town hall, with some modifications, into the near future. During that time, we can work on a plan, a design, and the cost of a new structure. We can also put money away in a capital reserve fund and plan for financing if we have to. In the end we should have a building which will still be adequate in the year 2100.

INDEPENDENT AUDITOR'S REPORT

To the Board of Selectmen
Town of Alexandria, New Hampshire

We have audited the accompanying general purpose financial statements of the Town of Alexandria, New Hampshire, as of December 31, 1991, and for the year then ended. These financial statements are the responsibility of Town Officials. Our responsibility is to express an opinion on these general purpose financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by Town Officials, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As more fully described in Note 1, the general purpose financial statements referred to above do not include the financial statements of the General Fixed Asset Account Group which should be included to conform with generally accepted accounting principles. The amount that should be included in the General Fixed Asset Account Group is not known.

As described in Note 1, the Town has recognized tax revenues in its General and Property Tax Agency Funds which were not received in cash within sixty days of year end as is required by generally accepted accounting principles (GASB Interpretation 3). Town Officials believe, and we concur, that the application of this accounting principle, which would result in a decrease in the General Fund balance by an amount which is indeterminable due to the timing of this engagement, would give a misleading impression of the Town's ability to meet its current and future obligations.

INDEPENDENT AUDITOR'S REPORT - continued

In our opinion, except for effect on the financial statements of the omission described in the third paragraph, the general purpose financial statements referred to above present fairly in all material respects the financial position of the fund types and account groups of the Town of Alexandria, New Hampshire at December 31, 1991 and the results of operations and cash flows of its non-expendable trust funds for the year then ended, in conformity with generally accepted accounting principles.

Our audit was made for the purpose of forming an opinion on the general purpose financial statements taken as a whole. The supplemental schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the general purpose financial statements of the Town of Alexandria, New Hampshire. Such information has been subjected to the auditing procedures applied in the examination of the general purpose financial statements and, in our opinion, is fairly stated in all material respects in relation to the general purpose financial statements taken as a whole.

ROAD AGENT'S REPORT FOR 1992

I feel that many improvements have been made on the roads during this past year. We brush-hogged bushes on all the roads in Town this year and hope to do them all again next year. Each year it eliminates more bushes and lets more grass grow and also helps visibility. Our goal is to improve the conditions a little at a time and make the roads safer.

One major improvement was part of Fowler River Road by Stone Rest Bed and Breakfast. We ripped up about one-half mile of road, regraveled and repaved over this stretch of road. We also ripped up about one-quarter mile on Brook Road and regraveled it, leaving it gravel for the winter. In the past it seems that the blacktop roads have been neglected because of cost, but hopefully we can improve one-half to one mile of blacktop road each year until they are upgraded and easier to maintain.

We cut the banks on two corners on Abbotts' Hill which helped visibility, we also welded cross bracing in the Cole Hill bridge and repainted all the stringers.

This past year we had very few breakdowns, which saved money. We were able to get all our winter sand from the Town's property on the Bog Road. Next year we will be able to get some sand from the Town property, but most of it will have to be bought.

Thank you for your support,

Gary Patten, Road Agent, and Crew

1992 POLICE DEPARTMENT REPORT

Due to the influx of activity, and the overwhelming interest of the people in the activity of the Alexandria Police Department, we have found it necessary to somewhat change the format of our report for the year 1992.

This report has been put together in the hopes of enlightening the Townspeople as to the growth of our community that has transcended in the past few years.

We have received 732 calls in 1992. A telephone log has been kept as provided to our Department by the Grafton County Dispatch, whom I might say has been a tremendous help to us through this year. Their professionalism has been outstanding and very beneficial to our community. A number of calls have come in on my private telephone and they also have been recorded in our files. Although many of our files are confidential and contents and nature of these calls may not be viewed by the public, I would be more than happy to answer questions, within my ability, from the community.

In August we were sorry to lose from our Department, officer Robert Bacon, as he and his wife have relocated to North Carolina. Our best wishes go to Robert and his wife. Although we have not replaced Bob, the possibility of a new officer in the near future is evident.

I wish to thank the Townspeople for their understanding, and also for their patience, during my transition into the Chief's position in March of 1992.

PLANNING BOARD REPORT

The Planning Board continued its twice monthly meetings this year, on the first and third Wednesdays of each month. Once again, we prefer to take subdivision applications on the third Wednesday of each month. Please try to apply at least 15 days prior to the third Wednesday.

We have openings on the Board and, if anyone feels they would like to contribute in this area, feel free to come to a Board meeting and talk to us about getting on the Board. No one has filed for the March election, so the door is certainly open for you.

Grandfathered subdivisions have still been troublesome this year; however, two more have been resolved and we are working our way out of the rest.

Eight subdivisions of 35 lots were processed this year, most consisting of two or three lots each. No roads have received approval by the Board for acceptance at Town Meeting by the Town. All roads approved were of a private nature.

Pre-application consultations are still recommended, as we feel this clears away the possibility of misunderstanding later in the process.

Our clerk, Bobbie Gibb, informed us before the first of the year of her desire to retire from service and at our January 20th meeting, with much regret, we accepted her resignation. We wish to thank her again for her many hours of dedicated work for the Board and the Town.

At the same time, the Board accepted the application of Melanie Shokal, who is now our Planning Board Clerk, and who we feel will very capably carry on the work of the Board.

Once again we draw your attention to driveway permits; and to clear up some confusion about who, when and where. Permits were but are not now needed on private roads - only on Town roads. Any type of access to a Class 5 or 6 Town road should receive an access permit before being constructed. There is no fee and our only concerns are safety and road maintenance.

PLANNING BOARD REPORT - contined

In closing we welcome all your thoughts about planning in Alexandria. If you have concerns, come and see us or communicate in any other way. We feel this is important and the only way real progress can be made.

Thanking you for your help and support,

Sherman Wadhams, Planning Board Chairman

ALEXANDRIA VOLUNTEER FIRE DEPARTMENT
REPORT FOR 1992

TO REPORT A FIRE IN ALEXANDRIA DIAL 524-1545: Give the dispatcher the exact address location of the fire and when possible, remain on the telephone line so further information can be obtained, if needed.

Much of our effort this past year went into retrofitting the 1958 Ward LaFrance 1250 GPM pumper given to the Department last year. Through trial and error, some frustrations, the truck is now in front-line service, sporting a new 1000-gallon capacity tank with four inch plumbing. All of the modification and installation work was done in our own station by the hard working men of the AVFD, saving substantially on this major project.

The AVFD continues to play a leading role in training activities, sponsoring a Career Level Program as developed by the National Fire Academy, with six AVFD fire fighters completing the intensive course. We also held an instructor-training program with two members now qualified to teach the Fire Fighter-I Program. Currently several AVFD fire fighters are enrolled in the Fire Fighter-II Certification. The AVFD has been instrumental in the formation of the Newfound Training District, to better coordinate and implement training among neighboring departments with cost-sharing and savings added benefits.

We wish to thank the AVFD Ladies Auxiliary for their outstanding support, and the people of Alexandria for their part in helping sustain our services through the year.

ALEXANDRIA VOLUNTEER FIRE DEPARTMENT - continued

We experienced another record year responding to a total of 63 emergency calls in fiscal year 1992:

REPORT OF TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER

1992 was below average for wildfires reported in our state. Our largest fire was in May in Rumney where a suspicious origin fire burned approximately 150 acres with a total cost of approximately \$30,000. The NH Division of Forests and Lands assisted many other communities in wildland fire suppression as well. Our fire lookout towers reported 289 fires, burning a total of 136 acres. Our major causes of fires were fires kindled without a permit, unknown causes and children.

Please help your town and state forest fire officials with fire prevention. New Hampshire State Law (RSA 224:27) requires that, "No person, firm or corporation shall kindle or cause to be kindled any fire or burn or cause to be burned any material in the open, except when the ground is covered with snow, without first obtaining a written fire permit from the Forest Fire Warden of the town where the burning is to be done." Violation of this statute is a misdemeanor, punishable by a fine of up to \$1,000. and/or a year in jail and you are liable for all fire suppression costs.

Local fire departments are responsible for suppressing fires. The small average fire size of .47 acre/fire is a tribute to early detection by the public or our fire tower system and the quick response of our trained local fire departments. Please help your Warden and fire department by requesting and obtaining a fire permit before kindling an open fire.

The NH Division of Forests and Lands assisted 28 towns with a total of \$20,000 in 50/50 cost share grants for fire fighter safety items and wildland suppression equipment in 1992.

If you have any questions regarding New Hampshire forest fire laws, please contact your local Forest Fire Warden at 744-5024, State Forest Ranger, or Division of Forests and Lands at 271-2217.

BRISTOL COMMUNITY CENTER

Dear Sirs:

Thank you for your 1992 Fairshare payment. the Bristol Community Center appreciates your quick payment each year.

The 1993 Fairshare amount that the Bristol Community Center is asking for is \$6,063.00 (Six Thousand Sixty-three Dollars). Enclosed is the financial fairshare packet from the Bristol Recreation Advisory Council. There are five copies to distribute to the Selectmen and the Budget Committee members. In the enclosed packet you will find the Bristol Community Center's 1993 line item budget, the 1993 line item explanation for the budget, the 1992 fairshare participation numbers for each town and a short report for your Town Report if you so wish to include it. The Bristol Community Center's Annual Report will be printed once again in March for the Town Meeting.

If you have any questions concerning the 1993 BCC request please call my office between the hours of 9:00 am to 5:00 pm, Tuesday through Friday (744-2713).

In conclusion to this letter we are asking the town selectmen and the budget committee members to agree to a separate warrant article for their town meeting. The Bristol Recreation Advisory Council is requesting the town residents to vote for an additional \$1,400.00 (Fourteen Hundred Dollars) to go directly towards the two major projects that the Bristol Community Center must complete by the end of 1993. One is to make the Bristol Community Center handicap accessible which will enable us to comply with the new federal Americans with Disabilities Act (ADA 1990) and the other is to replace the gym floor. Each project is estimated to cost \$13,000.00. The Bristol Community Center is asking the surrounding towns to help offset the total cost. The major portion of funds will be from fundraising and grants.

I will contact your office before January 10th in regards to this warrant article.

Sincerely,
Elizabeth C. Mitchell
Director of Recreation

1992 Report to the Town of Alexandria

1992 proved to be a very busy year for the Community Center. We offered three youth league programs (baseball/softball and soccer). Our baseball/softball program saw over 250 participants, 22 teams and 62 volunteers. This year the program was run by a five man volunteer commission and important changes were made in the best interest of the players. The BCC and volunteer philosophy is to teach skills and sportsmanship to all participants. In addition to the youth leagues we organized Middle School dances, instructional classes (aerobics, step aerobics, archery, art class, swim lessons, karate classes, babysitting courses, quilting classes, etc.), mom and tot time, adult basketball, volleyball, badminton, summer playground, summer day camp, summer baseball, summer basketball and sponsored and organized 21 different fundraising events. All of our success is due to the number of volunteers that donate their time to our program.

Alexandria residents participated in the following programs:

Aerobics	3	Karate	9
Archery	2	NCCA	6
Art Class	4	Open House	60
Baseball	42	Share Program	11
Basketball	31	Soccer League	7
Boyscouts	3	Softball	13
Camps	17	Swimming	11
Dance	31	Teeball	17
Girlscouts	2	Tennis	3
Ghostwalk	18	Umpire Clinic	1
		Volleyball	1

TOTAL ALEXANDRIA PARTICIPANTS: 292

We would like to thank all Alexandria residents who participated in the programs and special events. Special thanks are owed to all the parents who came out and supported the Bristol Community Center last year at town meeting. We had another successful year.

BRISTOL COMMUNITY CENTER - continued

This year the Bristol Recreation Advisory council has been hard at work in collecting funds for a new gym floor and renovating the BCC to establish a handicap entrance and main floor. The Center thanks the School District for their continual support in all the BCC youth league programs. We would also like to express our sincere gratitude to Freudenberg NOK for their annual donation and their printing services. We cannot thank them enough for all they do for our organization.

The Community Center will see its 47th year of service to the Newfound area and we hope you will help us celebrate by participating in the 1993 agenda of programs and special events.

LAKES REGION PLANNING COMMISSION

Many community representatives are concerned about growth and development issues that occur outside as well as within their municipal boundaries. Very few organizations exist that allow for a healthy blend of local and regional information and resources. Your support of the Lakes Region Planning Commission has enabled us to maintain a leadership role in these discussions. Thanks for doing your part.

Now it is time to renew your support and commitment. Reaching the total local appropriations enables us to continue our efforts in regional land use planning, transportation, lake and river management, economic development, education, information system resources, environmental planning and local technical assistance. Your support this last year has helped us to represent the region in diverse local and statewide efforts such as the Region II Transportation Plan, Governor's State Park, Household Hazardous Waste, NH Heritage Trail, Belknap County Economic Development Council and an Affiliate State Data Center, to name just a few.

As shown in the enclosed Annual Work Program and Budget, we successfully attained last year's objectives while operating within limited resources. Commitment and dedication to the mission of regional and local planning allowed us to accomplish much and we pledge to renew our commitment to work tirelessly for the benefit of our communities and region in the future. The Lakes Region Planning Commission can only be as effective as you help us to be.

Your enclosed FY94 (1993-1994) membership appropriation is unchanged from last year. It is based on population and equalized evaluation information as approved by the LRPC Commissioners. Your membership renewal will give us the ability to continue to assist member communities and to address regional issues.

Please contact me if you would like to discuss your appropriation, our mission or the services we have performed. We will be more than happy to spend time talking with you. Help us keep up the good work and thanks so much for your support.

Respectfully,
Kimon Koulet, Executive Director

FOR THE 1992 ANNUAL REPORT

LAKES REGION PLANNING COMMISSION

The Lakes Region Planning Commission is a voluntary association of local communities designated by area towns as the organization that brings towns and cities within the Region together. By associating and pooling resources, local governments have a highly trained professional staff available to them for a wide variety of services. Areas of current expertise include land use planning, transportation planning, master planning, environmental planning, capital improvement programming, impact fee studies, economic and community development, housing, fiscal and environmental impact analysis, geographic information systems and computerized cartography, household hazardous waste collections and site plan review. Communities may also obtain the services of a professional planner on a regular basis through our circuit rider program. The Commission also serves as a collective voice in dealings with state and federal governments protecting and furthering the interests of our communities.

Your support enables the LRPC to undertake comprehensive regional planning and to carry out various projects and programs of regional benefit. Over the past year, the LRPC:

- o Provided consultation and assistance to twenty-eight member communities.
- o Met repeatedly with state officials and agency representatives to influence policy and help keep the Region an active participant in many ongoing State programs.
- o Contracted and coordinated the 9th, and largest, regional household hazardous waste program in the Lakes Region serving over eighteen municipalities in a one day super collection.
- o Participated on the Governor's Advisory Committee for the creation of the Governor's State Park along Lake Winnisquam in Laconia.
- o Sponsored local sessions of the N.H. Law Lecture Series.
- o Incorporated and participated on the Belknap County Economic Development Council, a regional consortium of area towns for economic betterment.
- o Supported the capitalization of the long awaited U.S. Route 3 and N. H. Route 11 community oriented transportation study of the Route 3 & 11 transportation corridor from Franklin to Laconia.
- o Appointed to the Route 3 & 11 Policy Advisory Committee and entered into an Agreement with the N. H. Department of Transportation to participate in the undertaking of this important corridor analysis.
- o Completed a comprehensive environmental, transportation and land use analysis of important industrial lands bordering Gilford and Laconia for future economic development efforts on behalf of both municipalities.

LAKES REGION PLANNING COMMISSION - continued

- o Prepared an analysis of barriers to affordable housing that was used by the N. H. Office of State Planning and the N. H. Housing Finance Authority for developing strategies relative to affordable housing.
- o Enhanced our geographic information systems capability. With two trained staff people, we provide advice regarding GIS to many member towns. We have completed GIS mapping for projects in Laconia, Franklin, Holderness and Moultonborough. We also are represented on the N. H. GIS Advisory Committee.
- o Continued to participate on the State's Ad Hoc Route 16 Advisory Committee which is overseeing the Route 16 Feasibility Study designed to investigate steps to preserve the Route 16 transportation corridor to insure economic vitality and a high quality of life for the residents of communities and regions served by Route 16.
- o Obtained approval from the N. H. Department of Environmental Services and U.S. Environmental Protection Agency to develop and promote local water quality protection regulations among communities bordering Lake Winnepesaukee. The project is expected to be funded in 1993 and carried forward into 1994.
- o Continued to participate on and support the N. H. Heritage Trails efforts. The N. H. Heritage Trail is a recreational trail generally following the Pemigewasset and Merrimack Rivers from the Canadian border to the Massachusetts border.
- o Made available the services of a recycling coordinator to area towns.
- o Worked closely with the Merrimack River Watershed Council, Pemigewasset River Watershed Council, the National Park Service, Society for the Protection of N.H. Forests and others to protect open space and conserve important parcels of land along the Pemigewasset and Merrimack Rivers as part of two federal Wild and Scenic Rivers studies.
- o Initiated point and non-point source pollution mapping of towns in the Region and transferred this information into the LRPC's geographic information system.
- o Continued to administer the Region II Transportation Advisory Committee in coordination with the N.H. Department of Transportation. This group meets throughout the year and has established regional transportation priorities which are annually presented to the Governor's Highway Advisory Council and the State Department of Transportation for future transportation improvement projects.
- o Continued to administer and participate in a number of master plan updates throughout the Region including, but not necessarily limited to, Belmont, Andover, Northfield, Holderness, Gilmanton and Sanbornton.
- o Surveyed area towns to learn of the services that are of the greatest regional priority; e.g., education, data and information services and land use/water quality management.

We look forward to serving your community during the coming year. Please feel free to contact us at 279-8171 whenever we can be of assistance.

GRAFTON COUNTY COMMISSIONERS' 1992 REPORT

Grafton County has continued to operate in a financially sound, cost effective manner. We are pleased that the \$13.5 million budget adopted in late June showed a modest 3.45% increase.

While the County property tax increased to \$6.1 million after two years of decreases, the average annual County tax increase since 1989 has been less than 3%. Under state law, \$3.5 million or 58% of the County tax dollars collected from Grafton County taxpayers in 1992 were sent to Concord to pay the County share of state assistance programs (Old Age Assistance, Aid to the Disabled, Medicaid/Nursing Assistance, and Services for Childred & Youth).

The Grafton County Nursing Home has continued to offer high quality medical, nursing, and support services to approximately 120 elderly and infirm residents while meeting the stricter federal Medicaid mandates imposed in 1991. The Special Needs Unit for individuals with Alzheimers Disease and similar illnesses, opened last year, has been especially well received by residents, families and staff. During 1993 the County plans to expand the unit from 11 to 32 beds.

The County Department of Corrections saw a 15% increase in inmates over the past year. Drug forfeiture funds from the Attorney General's Office have enabled the department to increase and coordinate drug and alcohol abuse reduction programs with the goal of decreasing the number of repeat offenders.

Again during 1992 the County Farm generated a modest operating surplus, providing work opportunities for County Corrections inmates and supplying meat and vegetables for the Nursing Home and Jail. For the second year the Farm also produced potatoes for the local food pantries throughout the County.

The Commissioners, Sheriff and Assistant Sheriff implemented the second phase of a 3-year plan to ensure that subscribers pay the full cost of telephone answering services provided by the County Dispatch Center. The County also replaced the radio repeater on Cannon Mountain in order to upgrade law enforcement communications throughout Grafton County.

GRAFTON COUNTY COMMISSIONERS' 1992 REPORT - continued

During 1992 the County distributed over \$78,836.00 in state Incentive Funds to local programs that prevent out-of-home placements of troubled children and youth. The County has also continued to provide Youth and Family mediation services available free-of-charge in Lebanon, Littleton and Plymouth areas.

Looking ahead to the late 1990's and beyond, the Commissioners initiated Long Range Planning as part of the annual budget process. A committee of County officials has been charged with recommending plans for addressing the needs of the county and state offices now housed at the Courthouse.

The County sponsored a Community Development Block Grant for the AHEAD Agency in Littleton, a non-profit housing development organization. Funds are being used to purchase and rehabilitate multifamily rental housing units for the benefit of low- and moderate-income households in the northern part of Grafton County.

During 1992 the Commissioners continued efforts to inform County residents about County government, encouraging tours of County facilities and holding information sessions for local officials and other groups.

The Grafton County Board of Commissioners hold regular weekly meetings on Tuesdays (note the change from Thursdays) at 9:00 a.m. at the Administration Building on Route 10 in North Haverhill. All meetings are open to the public, and we encourage attendance by public and the press. Please call the Commissioners' Office at 787-6941 for further information or to request a speaker or our slide show on county government for school and civic groups.

In closing we wish to express our sincere appreciation to local officials, agencies and the public for cooperating in our efforts to serve the citizens of Grafton County.

Respectfully submitted,

GRAFTON COUNTY COMMISSIONERS:

Betty Jo Taffe, Chairman

Gerard J. Zeiller, Vice Chairman

Raymond S. Burton, Clerk

GRAFTON COUNTY SENIOR CITIZENS COUNCIL, INC.

Annual Report 1992

Grafton County Senior Citizens Council, Inc. provides services to older residents of Alexandria. These services include home delivered meals, a senior dining room program, transportation, adult day care, outreach and social work services, health screening and education, recreation, information and referral, as well as opportunities for older individuals to be of service to their communities through volunteering.

Any Alexandria resident over the age of 60 or members of his/her family are eligible to use the services of GCSCC. Handicapped individuals under the age of 60 may also be served through these programs. Although there are no charges for the services, the agency does request contributions toward the cost of services.

During 1992, 26 older Alexandria residents were served through all of GCSCC's programs. Twenty-three individuals enjoyed dinners at the Bristol Area Senior Center or received hot meals delivered to their homes; 4 Alexandria volunteers contributed 261 hours of time, energy and talent to support the operation of the Agency's services. Services for Alexandria residents were instrumental in supporting many of these individuals as they attempted to remain in their own homes and out of institutional care despite physical frailties.

Working closely with other agencies, providing services to older people in the community, our goals for the future include additional efforts to assist older Alexandria residents and their families in taking advantage of available programs and services which will improve the quality of their lives and enable them to remain independent in their own community.

Through the years, GCSCC has very much appreciated the support of the Alexandria Community for services which enhance the independence of older residents of Alexandria. This support is much more critical at a time of Federal and State funding constraints.

GRAFTON COUNTY SENIOR CITIZENS COUNCIL, INC. - continued

Grafton County Senior Citizens Council, Inc. is requesting an appropriation in the amount of \$220.00 from the Town of Alexandria for 1993. This represents a per capita amount of \$1.65 for each of the 133 Alexandria residents aged 60 and older.

During 1992, 26 elders from your community received congregate or home delivered meals through the Grafton County Senior Citizens Council, used our transportation service, the services of our social worker or one or more of our other services designed to support the independence of older adults. GCSCC's cost to provide services for Alexandria residents in 1992 was \$2,483.00.

Enclosed is a report detailing services provided to your community during 1992. Should you have questions or concerns about this report or our request, I would be most happy to meet with you to discuss our services in more detail.

We very much appreciate Alexandria's support and look forward to serving older individuals in your community this coming year.

During the fiscal year, GCSCC served 26 Alexandria residents (out of 133 residents over 60, 1990 Census):

Newfound Area School District

The annual meeting of the Newfound Area School District will be held on Saturday, March 20, 1993, at 1:00 p.m. in the Newfound Regional High School Gymnasium, Route 104, Bristol.

NEWFOUND AREA NURSING ASSOCIATION

The Newfound Area Nursing Association has experienced a dramatic increase (39%) in the demand for services from Alexandria residents during 1992. The following statistics represent home services provided in Alexandria during 1992:

<u>Type of Visit</u>	<u>Number of Visits</u>	<u>Number of Individuals</u>
Nursing	401	28
Physical Therapy	24	5
Home Health Aide	1037	11
Homemaker	288	6

The increased demand for services can be attributed to a variety of reasons. Statistics show that most individuals choose home care over a health care facility because they find home care less stressful, less disruptive, more private and less expensive. There are indications that home care promotes faster recovery because one tends to eat and sleep better and move around more at home. Often the support of family and friends unrestricted by visiting hours boosts morale and gives a sense of well-being. Home care has become a major player in the delivery of health care. It is and will continue to be the fastest growing component of the health care industry.

In addition to our home services, NANA's efforts to promote and maintain health continue via its clinics. Alexandria residents can avail themselves of these services at no charge. Our Well Child Clinic and our Immunization Clinic are held monthly at the NANA office. Hypertension Screening is also held monthly and more frequently by appointment as needed. The staff is also available to answer your health related questions.

The NANA Board of Directors, which include four Alexandria Representatives, respectfully requests an appropriation of \$5,525.00 from the town of Alexandria to help fund services to Alexandria residents during 1993. Strong town support is an integral component of our programs.

As always, we are grateful for your support and consideration. To be sure, our efforts are of great value to your community.

Respectfully submitted,
Jeannine M. Martin, Executive Director

TRI-COUNTY COMMUNITY ACTION PROGRAM

Again this year, Tri-County Community Action Program, a private not-for-profit agency, requests funding assistance for our Outreach Program in Alexandria in order to provide necessary social services. For 1993, we would like to request \$378.00 from your town.

Our Outreach Coordinator, Joyce Weldon, Outreach Center, has salary and office expenses paid for three (3) months of the year by the Fuel Assistance Program grant that we receive. The funds to keep the local Outreach office open the nine (9) months of the year come from your town and those of your neighbors, some of the Community Services Block Grant funds, and from some of the N.H. Emergency Shelter Grant funds.

Because of the reduction in federal fuel assistance funds received for our Outreach Program, we are asking for your continued financial assistance with a modest increase.

In summary, this past year we have served 53 households of 104 people, provided 82 client service units, in addition to assisting area families with approximately \$69,907.78 in direct services or products. Please see the attached information.

If you have any questions regarding these services or this request, I shall be glad to hear from you.

Sincerely,

Carleton R. Lord
Outreach Director

Joyce Weldon
Outreach Coordinator

TRI-COUNTY COMMUNITY ACTION PROGRAM - continued
1992 Outreach Report

Outreach is the field services arm of the Tri-County Community Action Program. The purpose of this program is to assist low-income, elderly and handicapped persons to solve individual problems and meet their needs through individual and/or group self-help efforts. Outreach Coordinators accomplish this purpose by providing information, counseling, referrals, guidance, organizational assistance, individual counseling and by effectively linking and utilizing community resources. If possible, we also may assist with Emergency fund dollars in the form of Vouchers. Last year, the following assistance (client service units) was provided by the CAP Outreach Program in Alexandria:

<u>Type of Assistance</u>	<u>Client Service Units</u>
Emergency food supplies, food stamps, Government surplus foods, consumer education, food baskets, nutrition	30
Electrical disconnects, out-of-fuel, weatherization, woodstove, fuel wood, home repairs, furnaces	20

TRI-COUNTY COMMUNITY ACTION - continued

Because of your support and that of other surrounding towns, we were able to keep our Campton Area Outreach office open through the entire year. As a result, we were also able to leverage the following funds and/or provide the following services or products to the low-income people of your area:

<u>Alexandria</u>	<u>Funds or Products Provided</u>
FEMA (emergency food and shelter)	\$13,000.
USDA (food products distributed - retail value)	16,500.
Emergency fund and food pantry assistance	4,500.
Homeless: emergency food and/or shelter	5,850.
Volunteer hours @ \$4.25/hour	<u>1,062.</u>
OUTREACH TOTAL:	\$40,912.

Please note that these funds are in addition to the approximately \$4,000. Community Services Block Grant matching funds that are applied to each Outreach Coordinator's salary and other local office expenses. Your continued financial support is needed to insure the availability of these dollars for local use and help in providing these essential social services in your community.

Also, our Outreach Coordinators did the application intake work for Fuel Assistance and Weatherization. As a result, the residents of your town received the following assistance from the Community Action Program this past winter:

	<u>Households</u>	<u>Individuals</u>	<u>Dollar Amount</u>
Fuel Assistance	53	158	\$20,887.93

THE TASK FORCE AGAINST DOMESTIC AND SEXUAL VIOLENCE

Dear Budget Committee Members:

On behalf of the Task Force Against Domestic & Sexual Violence (formerly Plymouth Area Crisis Services), I would like to thank you for your past support. During 1992, your contribution helped our organization to continue providing support services to an ever-increasing number of clients. (The number of crisis line calls increased by nearly 20% in the last year.)

As you know, the organization was formed in 1981 by members of the community who saw a need for a group that could provide direct services to adult victims of domestic violence. Since that time, the Task Force's 32+ volunteers have provided a 24-hour crisis line, and a variety of other services for victims of domestic and, since 1988, sexual violence. In July of this year, the organization expanded its services to also include child victims. This is especially important as the Task Force shelter has been consistently occupied since its opening in September 1990 and nearly two-thirds of all shelter residents are children.

This year we are requesting \$500.00 from the town of Alexandria to further support our services to both adult and child victims of domestic and sexual violence. It is our hope that we can continue to improve and expand future services to the community.

If you have any questions, or need further information, please contact me at the office.

Thank you again for your continued support.

Sincerely,

Susan L. Steiger
Administrative Director

THE TASK FORCE AGAINST DOMESTIC AND SEXUAL VIOLENCE - continued

PROGRAM DESCRIPTION

The Task Force Against Domestic and Sexual Violence is a non-profit volunteer organization, which provides assistance to victims of domestic and sexual violence. The Task Force, a member group of the New Hampshire Coalition Against Domestic and Sexual Violence, serves 18 towns: Alexandria, Ashland, Bridgewater, Bristol, Campton, Dorchester, Ellsworth, Groton, Hebron, Holderness, Lincoln, Plymouth, Rumney, Thornton, Waterville Valley, Warren, Wentworth, and North Woodstock. It is the only organization of its kind in southeastern Grafton County.

Since its inception in 1981, the organization has maintained a 24-hour crisis line, staffed by 30 volunteers who provide legal advocacy, emergency shelter, transportation, food, emotional support services and referrals to its clients. Organization members also coordinate and conduct community outreach programs.

Providing support services to the volunteers are the four staff members: Resources Director, Support Services Director, Administrative Director and Child Advocacy Director. All four are supervised by the nine-member Board of Directors.

In the past eleven years, Task Force members have answered over 2,500 calls from all the towns it serves. Many of these calls have been referred to us by local police departments, the court, physicians, counselors and therapists.

Except for a moderate fee for these shelter residents who can afford it, all services are free to all victims of sexual or domestic violence in the towns the Task Force serves. Volunteers and staff adhere strictly to NH law (RSA 173-B:21), which requires that they maintain confidentiality with regard to persons served by them and files kept by the organization. Also, as required by law (RSA 173-C Privilege Bill), all information received by a volunteer or staff member in the course of a relationship with a victim is confidential. This law allows the Task Force to keep its location from being made public.

LAKES REGION COMMUNITY SERVICES COUNCIL

Dear Selectmen:

During the past year, Lakes Region Community Services Council has continued to provide transportation services to some of the developmentally disabled in Alexandria. Our other services continue to be an integral part of the lives of all the developmentally disabled, providing more work experiences and rehabilitative activities for them. At the same time, we are making very successful efforts at cost containment. For example, we have increased our van fleet from 24 to 27 vehicles and measured our past year's mileage at nearly 600,000 miles. Yet we have been able to hold our overall transport costs to within reasonable expectations.

Last year, the town of Alexandria gave Lakes Region Community Services Council \$600.00. This amount was greatly appreciated and went directly into the purchase of new vehicles. We are deeply understanding of the fiscal pressures that town governments continue to face and we are committed to not adding to this burden. As I have promised not to increase our requests, we would like to ask for the identical amount that we received from you last year, \$600.00.

Without support for transportation, our mentally retarded residents would become completely isolated. They would be unable to live in homes that in many cases are in relatively rural areas. Our transportation services are the key to a variety of day programs, both of a rehabilitative and employment nature. Lakes Region Community Services Council has been markedly successful in its goals for providing a much improved quality of life over previous institutional care, and at a much reduced cost. Transportation resources make community-based rehabilitation a reality. The results are increased independence and self-reliance, which is the crucial factor in reducing the overall cost of care.

Later in the year, I plan on coming out to a Selectmen's meeting as I have in the past, where I can answer any specific questions on our many services and scope of our responsibilities in the town of Alexandria.

Sincerely,
Stephen C. Maguire
Assistant Executive Director

NEW HAMPSHIRE HUMANE SOCIETY

Dear Selectmen:

We realize your 1993 budget appropriation for the enforcement of the Rabies Control Law will be of the greatest importance to you and your residents. So we are sending our 1993 request early.

Nothing has changed. Our fee remains the same at \$60.00 per stray dog. There is no charge for stray cats. Also, when an owner reclaims their pet, we charge the owner and not the town. Once a stray dog is brought to us, you can forget the problem as we hold the animal, see to any veterinarian needs, try to locate the owner, hold it for court action, when necessary, and eventually either place or destroy the animals. This has proven to be an inexpensive program for what can be a long drawn out nuisance.

For the year 1993, the N. H. Humane Society offers your town an animal control agreement which will provide your Animal Control Officer (ACO) and residents with an excellent community service. Our budget appropriation request for 1993 is \$300. This expense appropriation has been approved by the State Department of Revenue Administration. In 1993, all cats must receive a Rabies Vaccination. We will continue to accept your stray cats at no charge.

The 1992 totals of the number of animals brought to the NH Humane Society Shelter from Alexandria are as follows:

By Alexandria's Animal Control Officer:

Dogs and Puppies:	4	
Cats and Kittens:	5	Total: 9

From Local Residents:

Dogs and Puppies:	8	
Cats and Kittens:	6	Total: <u>14</u>

Total number of all animals received:	23

PEMI-BAKER YOUTH & FAMILY SERVICES COUNCIL

Dear Board of Selectmen:

The Pemi-Baker Youth and Family Services Council, Inc. is once again seeking financial assistance from the 15 towns served by the agency. Last year's campaign was generously supported by the towns of Holderness, Thornton, Waterville Valley, Groton and Dorchester. We are hoping that in 1993 all fifteen towns will help us continue providing the programs we currently sponsor and expand into new areas.

The Youth and Family Services Council is a non-profit human services agency that was formed in September 1990, to serve residents of the 15 town Plymouth District Court cachement area. The Agency's mission is to bring together the many agencies serving this region while also supporting and developing innovative programs that meet legitimate community needs. At present, the Council offers a comprehensive information and referral service, coordinates the Plymouth District Court Juvenile Diversion Program and manages the Challenge Drug and Alcohol Education Course.

Last years support from towns, foundations and the county enabled us to complete a number of important projects. First of all, the number of juveniles served by the court diversion program has more than doubled, from 16 in 1991 to 42 in 1992. We now accept referrals directly from police departments, avoiding the expense, hassle and stigmatization involved in processing a case through court. Many of these youth have been asked to complete community service projects for towns, police departments and local agencies in addition to paying restitution for their offense.

The 15 hour Challenge Course, which involves the payment of a \$75.00 course fee, has been completed by 40 young people. In the past, most of these youths would have simply paid a fine for their substance offense and been released without having learned anything about the overall impact that using drugs might have on their life.

PEMI-BAKER YOUTH & FAMILY SERVICES COUNCIL - continued

The Youth and Family Services Council's involvement in Information and Referral has expanded dramatically over the past year. Beginning in early 1993, the Council will assume administrative responsibilities for the Ad-Hoc Committee on Youth at Risk, chaired by Judge Ed Kelly. The Council has been an organizing force within the Ad-Hoc Committee since the beginning but will now be able to focus efforts on developing an effective organizational structure for the Committee.

The Ad-Hoc Committee has been instrumental in bringing many new services to the area, including a well-child program for low income families and organizing/sponsoring several important workshops and presentations such as the "Building Bridges Conference" attended by all teachers in August 1991 and the Parent Conference in September 1992.

Our Information and Referral program has also involved the development of P.I.P. (the Parent Information Program), completion of the 64 page Guide to Community Resources in the Plymouth and Newfound Area and creation of Families First, a bi-monthly column in the Record Citizen/Enterprise. In addition, the Council has had several hundred contacts, in 1992, with individuals seeking information on topics ranging from where to find parent support groups to how to find assistance in paying for a hearing aid. People of all ages have taken advantage of this service.

In 1993, we anticipate an increase in the numbers of youth referred to diversion and the Challenge Course, which will require more coordinator and volunteer hours. We are also looking into sponsoring community service projects in area middle schools, organizing a teen support group, hosting a group for new parents and continuing our research into the possibility of starting a Big Brother/Big Sister program.

PEMI-BAKER YOUTH & FAMILY SERVICES COUNCIL - continued

While grants and fees cover some of our program costs, we are unable to maintain adequate service levels without assistance from the towns which we serve. In addition, as a community-based agency, we feel it is important that some of our support originate from the towns which we serve. The Youth and family Service Council Board of Directors hopes to raise a minimum of \$10,000 through our 15 town campaign in order to complete the projects we are committed to. Our individual request for the town of Plymouth is based on population percentage for the 15 town region (1991 state population estimates). The request for 1993 from the Town of Alexandria is \$90.00.

We look forward to discussing our work with the town selectmen, if appropriate, and expect to have representatives to speak to this proposal at town meetings in March. I have enclosed several agency brochures and two copies of our Resource Guide for your use. Thank you for your time.

Sincerely,

John LaCrosse
Director of Services

NEWFOUND REGION CHAMBER OF COMMERCE

The Newfound Region Chamber of Commerce sees new enthusiasm and new energy in its membership and in its programs.

The Chamber intends to play a significant role, in conjunction with the newly-formed Newfound Economic Development Corporation, in rebuilding the local economy and in attracting new business and new jobs to this region. We are taxpayers also, and we share the concerns that you, and other responsible individuals have, for the state of the economy. We understand the need to increase the tax base with new enterprises so that some of the tax burden may be taken off residential property owners.

One of the ways you may participate is by becoming a member of the Chamber. In years past, several of the towns in the Newfound Region were active in the Chamber, and we invite you to renew that activity and interest.

Accordingly, we are submitting this request for you to consider setting aside \$100.00 in your 1993 budget for Chamber membership.

Enclosed you will find a copy of our current budget/financial statement as of November 1, 1992. Please note that our fiscal year runs from July 1 through June 30.

If you have any questions please do not hesitate to contact the undersigned, and thank you for your consideration.

Sincerely,

John Root
Executive Director

COUNCIL DISTRICT ONE REPORT

The five member NH Executive Council has its Constitutional authority in Articles 60 through 66 in the New Hampshire Constitution. Through the many Legislative Sessions much of New Hampshire law includes the Council in major decisions that are made by the Governor and top Executive Branch Officials.

Acting similar to a Board of Directors of a corporation, the Council by law is called to act upon requests from the many executive branch departments and divisions. These requests are reviewed prior to Governor and Council consideration by the Attorney General's Office and the Commissioner of Administrative Services to be legally correct and that proper funds are available. Generally all contracts with outside state government agencies and individuals must be approved by the Governor with the advice and consent of the Council. This brings to the very top of your Executive Branch an elected voice from your area.

The entire Judicial Branch of NH State Government is nominated by the Governor and confirmed by the Council. This is a very serious and key function of the Council. Judges are seated until their 70th birthday!

The five member Council by law is now part of the Ten Year Highway Plan for New Hampshire and must by law hold hearings to gain citizen input and information on changes in the highway and bridge system of New Hampshire. Our report is due to the Commissioner of Transportation by June 1, 1993.

The Council also plays a key role in assisting citizens, agencies, towns, cities and businesses in their relationship with New Hampshire State Government. A Councilor is only a phone call away and stands ready to assist in this ombudsman role.

As Councilor for your Town and area, I stand ready to be of service.
